Everyone is cordially invited to attend the tournament next Sunday, either as a participant or as a spectator.

Watch for the names of the winners and the scores in next week's edition of the Avalanche.

AUTO RACES, LABOR DAY

Saginaw, Mich., Aug. 26—Labor Day has been selected for the fourth annual lap auto race that will be run off on the fast, dustless Saginaw speedway. Sanctioned by the A. A. A. the first time a long distance race has ever been run under these rules in this city, the Labor Day classic gives promise of surpassing any motor race that has ever taken place in this state. Battling for the Michigan A. A. championship and a large prize list, the pilots are expected to show record breaking speed in the qualifying rounds as well as endangering all marks from 1 to 50 miles. Only drivers who have won points in the Michigan A. A. points table will be eligible to compete here Labor Day indicating that the race will show not only the best drivers in this section, but will undoubtedly produce the keenest competition of any dirt track race staged in this state. A dozen or more cars are likely to be nominated with the fastest seven qualifying to face the starter. Interest in this year's event indicates that a record crowd will witness the premier dirt track event of the season with the Michigan A. A. A. championships at stake. Officials in charge of the race are leaving nothing undone to make this year's battle the greatest ever staged here.

FREDERIC SCHOOL STARTS SEPT. 7

School will resume in Frederic on Tuesday, September 7th.

There will be a meeting of the teachers Monday afternoon as soon as convenient for them, for the purpose of discussing plans necessary to be considered at the beginning of the year.

The following teachers are expected to be on duty:

John W. Payne, superintendent.
Mr. Payne is a graduate of Hillsdale college with the degree of A. B. and life certificate.

Maurice A. Chrysler, Gay, Mich., principal.

Mr. Chrysler comes well recommended. He is a teacher who has had considerable experience, is a graduate of Calumet high school and has had two years' work in the University of Wisconsin.

Dorothy Wallace, of Battle Creek, Michigan, assistant principal.
Mrs. Wallace will hold a first grade certificate. She is a graduate of the Tri-State Normal, Indiana, and is a successful teacher.

Pauline Edmonds, Frederic, Grammar department.

Miss Edmonds needs no introduction to the people of Crawford county. Her work has always been of a very high grade and she is one of our progressive teachers. She has had 12 weeks Normal training and holds a second grade certificate.

Bessie Odell, Frederic, Intermediate department.

Mrs. Odell is a hard worker and the results obtained have always been very satisfactory. She holds a limited certificate from the Central Mich. Normal school.

Ether Barber, Frederic, Primary department.

Miss Barber is a graduate of Frederic and as a teacher did excellent work last year. She holds a third grade certificate and has had twelve weeks of Normal training at Central Mich. Normal school.

Crawford county may be justly proud of her high schools in Grayling and Frederic. It is to be hoped that as many people as possible will take advantage of their opportunities and make this the banner year for educational work.

A desire to express gratitude is keenly felt for the work done in the rural schools of Crawford county. The commissioner always finds the teacher at work although she seldom knows when he expects to visit her school. Officers are becoming more and more interested, thus making the outlook brighter each year for the rural school. A very small percentage of pupils from the seventh and eighth grades failed last year. Let's raise the standard a little this year.

John W. Payne, Commissioner.

LABOR DAY AUTO RACES AT SAGINAW

Saginaw, Mich. Sept. 2.—Everything is all set for the fourth annual 100 lap auto race here Labor Day. Sanctioned by the American Automobile Association, the long distance grind looms as the greatest auto race that has ever taken place in this section. The entries show the finest array of cars that this vicinity has ever witnessed in action. Only point winners are eligible to compete which means that the race will be a battle of champions. Sam Ross, Michigan State champion of 1925, is defending his laurels against the classy field. Sam has a new car and motor and lately has shown great stuff after getting away to a poor start earlier this season. Miller, Karnatz, Hyatt, Elvin Ross, Garfield, May and Mallo are some of the other drivers likely to start. A dozen or more nominations will qualify Monday morning for a place in the line-up. Seven fastest cars will start.

Officials have overlooked nothing to make this race the greatest ever staged in this vicinity. Advance ticket sale indicates a record crowd to witness the premier dirt track event of the season. Safety zones have been established around the track for the safety of spectators and a large number of policemen and deputies will patrol the track.

Speed records are doomed to be shattered indicated by the records made during the past week. Sam Ross wheeled the oval in 30 flat, which is better than DePalma could do this spring. Miller chalked up 31 and Mallo 32. If this time is made Monday the qualifying heats will all be made below 32, and incidentally establish a record for any dirt track event. Gates will open at 10 a. m. Trials at noon with the big race starting at 3 p. m. Preparations have been made to handle a crowd of 10,000.

SENATOR H. S. KARCHER

"God gave him some brains to start with and he has made good use of God's gift. He has been a resident of Rose City since 1887, after finishing his schooling in what is now the

Michigan State College. For ten years he was superintendent of the Rose City schools; since then he has been in business, which is now taken care of to a large extent by his son. He has been peculiarly fitted in a technical way for State Senator by the experience of being in turn Mayor, School Examiner, Judge of Probate, Postmaster, Supervisor and Clerk, but his best qualification is real, intelligent, unselfish, zealous work for the interests of the various counties in his district and for his constituents. He is entitled to every Republican vote in his district."—Oscoda-AuSable Press.

DETROIT AMAZED BY WONDER- THEATRE SMALL TICKET COST

Detroit, Sept. 3.—(Special)—Detroit is marvelling at the buying power today of the dollar in the theatre world. The new Michigan theatre, operated by John H. Kunsy and Balaban & Katz, which represents an investment of \$500,000 and is a combination of art museum, symphony hall and wonder-theatre, started the city by instituting a price policy of such small size as to be unbelievable. The answer, of course, is in the volume of business attracted to each of the five daily de luxe performances. The shows consist of a 50-piece symphony concert, organ solo on the world's most expensive pipe organ, first pick of the best screen dramas and screen specialties, and at least two stage productions. Famous personalities are used in the latter, and the personnel of each frequently is as large as fifty artists, singers, and dancers. Among the stage events scheduled immediately are George Beban and his company of 25 players, enacting part of the screen drama on the stage; Paul Whitman and his whole orchestra; Gilda Grey and a company of 25 dancers, with her picture "Aloma of the South Seas"; and Eddie Cantor, in person with his "Kid Boots" company, in conjunction with the picture of that title.

Two of our ladies made their debut at the traps at a special shoot Monday afternoon at which time Mrs. Oscar Hanson scored three shots out of 25 and Miss Frances Mickelson 15. The latter is the daughter of Mr. and Mrs. Carl Mickelson of Mason. Both ladies may well feel proud of the start they have made.

GREAT SHOW FEATURES ON STATE FAIR CARD

Royal entertainment, with features of interest to everyone in the family from Dad down to the youngest member, will be on hand for visitors at the Michigan State Fair, September 5 to 11.

A great midway, with 37 different shows and varieties on "the street," will make up the carnival side of the Fair. These shows, the famous Zeidner and Polle troupe, have been personally inspected by members of the Michigan board of fair managers, to guarantee clean, high-class attractions.

A strong line-up of Keith vaudeville acts, including the internationally known Bachman "Million Dollar" band, will furnish fine entertainment features in front of the grandstand during the programs there.

The universal appeal of fireworks displays will be met by nightly exhibitions which will rival anything ever seen in Michigan in the elaborate brilliance of the effects. The contractors here call for a program of international fame.

And topping off all the other entertainment features will be the races. For five days, leading grand circuit stables will compete in light harness classics for purses of more than \$30,000; and then on Saturday, Sept. 11, 14 championship automobile race drivers will fight it out for the \$15,000 purse over the mile track. Earl Cooper, Peter DePaola, and many other race heroes will face the starter's flag.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 25 YEARS AGO.

Thursday, September 5, 1901

Miss Jennie Downey of Groveland is visiting her sister, Mrs. F. Narrin. Esbern Hanson, John Rouse and T. Hanson were all doing business in Gaylord last week.

L. H. Chamberlin and family are home from a flying trip east, quick, but extremely enjoyable. Ward's mill at Frederic is closed for a few days for the rearrangement of some of the machinery.

Miss Nellie Hoyt of Gaylord will teach in the Cobb district in Maple Forest this summer.

D. S. Waldron returned from Shawassaw county last Friday. He is in time for the picnic today.

Mrs. Nellie Perry of Groveland, with her daughter, is visiting her parents, Mr. and Mrs. J. J. Coventry.

Mrs. J. O. Hadley came up from South Grand Blanc last week for a visit with old friends at the old home. The Dowel factory started up this week to try the machinery, and expect to be running steady before the end of the week.

E. E. Hartwick stopped off here long enough to shake hands and nod to old friends on his way home from Bay View last week.

Mrs. Anna Hebert of Newberry is visiting at her father's, Jos. Charron, in Maple Forest, and old friends here. Misses Etta Coventry, Lou E. Williams, Julia and Nora Phelps went to Buffalo last week to see the Pan-American exposition.

19,000 acres of land in Montmorency county will be offered for sale the state in a short time. The Turtle lake club people want the land and will bid on it.

No wonder teachers are eager to go to the Philippines to work for Uncle Sam. Sixty of the first ship load were married at Honolulu after five days' courtship on the boat.

Mrs. W. F. Benkleman and children returned from their eastern visit last week. She seems materially improved in health and glad to be home again.

E. T. Waldron of South Branch has sold his farm to Hugo Schreiber Jr., in Maple Forest, and is busy as ever, near Turner, where he has bought another farm.

Perry Osterander is having a happy old jamboree at his new house, by the presence of his children and grandchildren. We are not informed as to the number, but can hear him smile two blocks off.

Tuesday was a gala day here on account of the opening of our schools. The hundreds of children were promptly on hand and the teachers in place, pretty and happy as ever. We hope for the continued success of all.

Fred Culver came up from Saginaw Sunday on the Mackinaw excursion, and spent the day here shaking hands with old friends, though he hadn't time to see but a few. He has not been here before in five years and noted many changes.

Thomas Webb, one of the pioneers of Frederic, died Aug. 24th, after a brief illness. He was a man of personal peculiarities, but honest in dealing, a hard worker and successful farmer, and held the respect of his neighbors and friends.

Agricultural department officers say that our lumber, as a commercial factor will be destroyed in another fifty years, perhaps sooner, unless steps are taken to replant and raise

SEALED BIDS

Sealed bids will be received for transporting school children from School District No. 3 to Grayling high school, up to and including September 4th, 1926 at 4:00 o'clock in the afternoon.

and harvest timber on common sense principles just as with other crops.

The U. S. Fish Commissioners are taking 500 matured trout, and 2,000 fingerlings from the AuSable for an experiment in using cement tanks in place of wood. In several hatcheries the fish are dying and it is thought it may be caused by bacteria arising from the decaying wood in the tanks, hence the trial of cement.

There was a slim attendance at the school meeting Monday evening, indicating that our people are well satisfied with the management the past year. Mr. Patterson was elected to succeed himself; the board reorganized the same as last year, and the sum of \$3,230 voted to be raised by tax, \$100 of which is for building repairs.

A hundred things happen every day that a newspaper man never sees. He does the best he can, keeps his eyes and ears open, but he is only a human being, neither omniscient nor omnipresent. You often wonder and perhaps you say the newspaper has favorites, and it has, remarks an exchange. They are the people who are thoughtful and read what news they have to the newspaper.

Mr. Bert Newman returned from Toledo yesterday morning, where he left Bert Mitchell and Will Ingley. He says that they have been working on the street railway since July 23rd and have been doing well except Will Ingley, who had an attack of fever, but is at work again now. Bert is going to help his father survey the proposed electric road from here to Higgins Lake.

R. Myers has closed his mercantile business here and shipped his goods to Lewiston, where he will furnish the inhabitants with good goods at low prices. He has been a success here for the past eight years and will be missed in his line. The store will be occupied by Kramer Bros., with a similar line of goods, up-to-date in every way, and we predict that the corner store will continue to be a popular resort.

A flying visit to Frederic, Monday, found that village giving evidence of prosperity on every hand. A number of new residences are completed and in process of building. The new church is being rapidly enclosed. Keller's new store has the foundation completed, and the superstructure is going on. W. T. Lewis has put up a fine store and residence on the site of the old postoffice, which is occupied by Dr. O'Neil; L. J. Lamke is adding largely to a fine stock of general merchandise; M. S. Dilley is adding to his building and is busy as ever; the hotels are crowded, and everybody who can is accommodating boarders.

The many friends of Swan Peterson of Lewiston, a former resident here were shocked by the news of his sudden death last Friday near Dam Four in Maple Forest. He was on the North Branch with a party of friends, fishing, and had gone alone into the woods with his gun. In going over a log, one barrel of the gun was discharged, and the entire load passed through his abdomen. Death must have been almost instantaneous. He was taken to his home, and the funeral Sunday, was the largest ever held in Montmorency county. The I. O. O. F. and Grayling band went up from here in a special train, numbering, with friends, about one hundred.

SCRUTINIZING YOUR USE OF FAMILY FUNDS

Are you one of the doubting Thomases who, for one reason or another has not tried budgeting your family expenditures? You may find some suggestions which will convince you of the value of so doing in a recent publication of the United States Department of Agriculture, as well as specific help in scrutinizing and grouping your expenses. No authority can supply a budget ready-made. You have to make your own. Each family has its own peculiar needs, its own aims and hopes, its own difficulties and responsibilities. A good plan of spending for one family with three children and an income of \$2,500 a year might be a very poor plan for another family living in the same town, with the same number of children, and the same income.

Among many others, the following questions which the department suggests that you put to yourself, will be found helpful: Is the emergency fund in the bank large enough? Are we accumulating a fund for the children's education? Would we save more in the long run if we spent money for labor-saving devices which would save both time and energy? Is it more economical to buy certain articles of clothing ready-made, or to make them? Do we spend too much on such things as candy, tobacco and cheap magazines? Are there any articles which we buy in too small or too large quantities? What articles have we purchased that we did not need? That did not wear well? Is our automobile a necessity, a convenience, or a luxury? Are our charge

accounts a convenience or a temptation?

Such questions as these and others that will occur to you suggest where to look for leaks and how to approach the reorganization of your scheme of living so as to make your income yield a maximum of satisfaction for your family.

GET HIM READY FOR SCHOOL

What about the youngster who starts school this fall? Are his teeth in good shape, are his tonsils all right and is his weight up to normal? The child who begins school with the handicap of poor health hasn't a fair chance of competing with his huskier playmates. The time to get him into good condition before school opens, for every day he has to miss when school starts puts him behind. Mouth breathing, pale color, abnormal weight or lack of weight, and poor appetite, are not natural. They mean that something definite is wrong. A good physical examination by a competent doctor now, whether the child seems to need it or not, may save days and dollars later.

YOUR PLAIN DUTY

Michigan is in the midst of a statewide primary campaign that should be the interest of every well-meaning citizen in the state. For years we have been hearing much about the primary method of nominating candidates for public office, some defending the present system, others declaring it has resulted in a rule by minorities and has failed to give us the advantage of public expression over the old convention system of selecting candidates that its friends said it would.

This year the people of Michigan have an opportunity to register a majority choice in the selection of a candidate for governor in the dominant party for the first time since the primary system of choosing candidates was first put into effect. It is the people and not the primary that is now on trial. With an opportunity to register a choice that will be felt it is the duty of every loyal citizen to vote for the candidate that most nearly represents their views. The issues in this campaign are clearly defined and there will be no excuse for the voter, man or woman, who fails to exercise his or her privilege.

FREDERIC NEWS

Miss Carrie White, a teacher of bygone years, was here last Sunday with her mother of Bay City. They called on her aunt Mrs. J. J. Higgins, while on their way to Mackinaw.

Earl Zurck, who was here to see his wife and babies last week, has returned to Detroit.

There was a reunion at the J. J. Higgins home last Sunday. Ed and wife of Lansing, with friends, met friends from Wolverine here. There were 17 in all and a pot luck dinner was enjoyed. A real good time was had.

Those boys who went fishing to Sand Hill Lake overturned their canoe and they returned home rather damp.

C. S. Barber returned home Monday morning with the remains of his son Elmer, who died following an operation in Detroit. The funeral was held Wednesday afternoon.

Mrs. Frank Leng and daughter were here the past week.

Miss Elsie Burke is home after a short visit with friends.

Mr. Troop arrived from Flint to accompany his wife home.

Mrs. Ed Welsh accompanied her brother home to Grand Rapids.

Elaine Lewis, eldest daughter of Will and Agnes Lewis, died last week of that dread disease diphtheria. The funeral was held Monday.

Our lights that have not been so good of late will soon be better as they are being overhauled.

Mrs. George Ensign had for her Sunday callers her sister from Chicago, also her sister from Detroit.

Henry Smith, son of Wm. Smith had the misfortune to break his arm while cranking his "tin Lizzie".

Rev. Randall and family are expected home this Wednesday from Gull Lake and other points.

Mrs. Leonard Goldie of Henderson is visiting her parents, Mr. and Mrs. John Burke.

ELDORADO NUGGETS

Mr. and Mrs. Russell A. Stevens left Friday for Whitmore Lake, where they attended a family reunion of the Stevens family. They expect to visit in Detroit a few days before they return.

Mrs. Cleon LaFursey of Mt. Morris and Mrs. George Basing of Flint spent the week with their mother, Mrs. J. H. Hartman, returning home Sunday.

Mrs. Joseph Felderer of Mundelein, Illinois, has been spending a few weeks with her brother, Joseph Wagner. She was accompanied by Mrs. Joseph Neumeier of Chicago.

Mr. and Mrs. Morton Kline and daughters, Helen and Elizabeth left Monday morning for their home in Louisville, Kentucky. On their way they will stop for a few days with Mr. Kline's parents at Upland, Ind.

Roy Nichols, wife and little daughter of Owosso, and Mrs. Bertha Nichols of Lakeview are spending a few days with their uncle and brother, Conrad Wehnes and family.

Thirty-three members were present at a reunion of the Wehnes family held at the home of Mr. and Mrs. Ernest Dennis at West Branch Sunday.

Miss Helen Gallagher returned to Detroit Saturday after spending the summer with Mrs. I. W. Drinkaus at their cottage on the AuSable.

Mrs. Boyd J. Funsch returned Friday after a three weeks stay in Grand Rapids, where she has been receiving medical treatment.

EASY SILVER CLEANING

Tarnish on silver can be removed by the electrolytic method. Various commercial devices for this can be bought for use at home, or it can be done in the following way: Fill an enameled or agateware kettle partly full of water in which has been dissolved 1 teaspoon of either washing soda or baking soda and 1 teaspoon salt to each quart of water, heat this solution to the boiling point, put in strips of aluminum or bright zinc, add the tarnished silver, and boil it. The silver must be covered completely by the water and each piece must be in contact with the aluminum or zinc, either directly or through other silver. When the tarnish has disappeared, the silver should be removed from the kettle, washed, and dried with a clean, soft cloth.

President Coolidge the other day fished in the brook of his boyhood and we're willing to bet ten to one that it didn't look as big as it used to.

STOCK CENSOR PLAN PUT UP TO STATES

President Favors Financial Statement Publicity as Best Protection.

Paul Smith's—Enactment of state laws for the protection of the 20,000,000 Americans—an average of one to a family—who now own securities is urged by President Coolidge. The President, it was officially stated by his spokesman, is keenly interested in protecting the public not only against out-and-out swindling operations, but against misrepresentation as to the financial status and earning capacity of corporations in the sale of their stocks and bonds.

Mr. Coolidge feels that the power of the federal government, under the Constitution is limited to the interstate commerce clause and this would not provide sufficient power to obtain the desired results, in view of the fact that corporations receive their grants of power from the states.

Discussion of the proposed regulation of stock and bond issues by the federal trade commission was provoked at the summer White House by inquiries with respect to a recent article in a magazine by Prof. William Z. Ripley. Mr. Coolidge had not read the article, and the view was expressed that he would prefer to study it before commenting in detail.

It was pointed out, however, that the individual states, by passing laws regulating the sale of securities within their limits could compel statements as to financial conditions and earnings of corporations which would accomplish the same result as though federal government were empowered to make the same demands, and without the constitutional handicap under which the federal government labors.

The best protection to investors, it was declared, would come from the publicity for such financial statements, which could be required by state laws, and in some states are now required.

At the same time the President realizes, it was said, that neither the federal nor the state governments could go further than to prevent misrepresentation.

Maniac Drops Bomb in Bank; 2 Killed; 100 Hurt

Pittsburgh, Pa.—Enraged because his demand for \$2,000 was not granted immediately, Collins Barley dropped a bomb in the Farmers' Deposit bank here. The blast killed George Ortmann, one of the bank's special policemen, and Barley, who was an escaped patient from the Mayview county home for insane.

Twenty persons were seriously injured and more than a hundred others hurt by the blast.

May Probe "Slush" in Wisconsin Campaign

Washington.—Likelihood that the Reed committee of the senate on campaign expenditures will be asked to investigate the cost of the primary campaign in Wisconsin is being talked of in Washington. Opponents of Senator Lenroot, who is making a hard fight for renomination, are charging that the stewards who are supporting the senator are using "slush funds" in large amounts.

New York.—Representatives of the eastern railroads and the Brotherhood of Railway Trainmen have signed an agreement to submit the controversy centering about the union's demands for higher pay for conductors, brakemen and switchmen to a board of arbitration.

The higher wage scales are asked on all railroad systems east of Chicago and north of the Ohio river.

Sharks Snatch Youth From Arms of Rescuer

Seaside Heights, N. J.—The decapitated and limbless body of Charles A. Burke, eighteen, of Trenton, washed upon the beach, strengthened the belief that he was snatched from the arms of a rescuer by sharks. An unidentified bather who went to the youth's rescue said the boy was pulled from his grasp by a large fish. Later three sharks were sighted.

LOVELL'S NEWS

Lawyer Eamsen and family of Detroit, who have spent the past two weeks at the Underhill club, have returned home.

Mr. and Mrs. Ralph Redhead were called to Bay City owing to the sudden death of Mrs. Redhead's brother. The community sympathizes with them in their grief.

Miss Mabel Kellogg and friend of Flint spent the week with her parents, Mr. and Mrs. J. E. Kellogg.

The last dance of the season at Lovells was attended by a large crowd.

The DeGuichard family of Flint left their summer home on account of the ill health of Mrs. DeGuichard.

Miss Emma Pochelon entertained a party of her friends Monday evening at the Fighting Deer cabin in honor of her seventeenth birthday.

The Misses Emily and Margaret Eamsen entertained the Misses Emma and Norma Pochelon and Miss Corrine Olds at the Underhill club Tuesday.

Billie Husted of Grayling entertained his Lovells friends Saturday afternoon at the home of his aunt, Mrs. Emma Stillwagon.

Why I'm going to the Greater MICHIGAN STATE FAIR

ALL READY FOR THE FAIR!

Well, I'm just about ready for the Fair. Been looking forward to going all summer. It starts on the 5th and lasts through the 11th. Auto races on the last day. I'll look forward to seeing you there, too. We'll sure have a good time and see a lot of fine things. I had a surprise today. Jim Purdy brought back a corn planter he borrowed from me last spring. Jim's always helped me wear out my farm tools. "All ready for the Fair," asks Jim, as we were pushing the planter into the shed. "Yes," I sort of bubbles over. "I'm all ready for the Fair. My wife got a new dress. I've got a new tie. Her cousin, Cherry, that's going with us, has a new hat. And Jim," I says, chucking to myself, "if you'll only bring back those auto tools you borrowed from me yesterday, we can get started first thing Monday morning!"

PROGRESS OF THE GREATER MICHIGAN STATE FAIR
Auto racing will be one of the thrills of Fair Week Sept. 5th to 11th. Arrangements have been made with railroads, trolley lines and buses to handle the largest crowds in the Fair's history. Arrows direct motorists to the Fair Grounds by the easiest routes, avoiding dense traffic.

Have Occasion to Mourn
Widows and widowers who weep twice a day for a year, and who are allowed to cry only on a very second day for a month, figure in the funeral ceremonies of the nation's loss of Borneo.

Niagara Falls Surveyed
The first thorough survey of the great Niagara Falls was made in 1794 by Gen. John Montross of the royal engineers. The second was made 78 years later by James Hall of New York state.

Tri-County Fair Week WEST BRANCH, MICH.

3 Counties--Ogemaw, Oscoda, Roscommon
You will enjoy the Greater Tri-County Fair this year. Grayling folks are invited to participate in the biggest program ever assembled in North-eastern Michigan.

A \$10,000.00 PROGRAM

Featuring AUTO POLO--The Steeple Chase--Stature Posing--Wild West Roping--Comedy Acrobats--Horse Racing--\$100,000 Stock Show--Parachute daily from plane--Band Music--Vocal Numbers, etc.

TWO BIG FEATURE ACTS THIS YEAR at the West Branch fair. The Fair management have expended thousands of dollars this year in securing two big feature acts for the Fair visitors entertainment, and want all the people in this section of the state to see them at least one day.

AUTO POLO--A sensational act that you have never seen outside the larger district fairs. Two recognized Auto Polo teams have been booked to appear daily.

THE STEEPLE CHASE--The big number at the West Branch fair this year. The horses appearing in this event were imported from Ireland, and held first honors in the big shows throughout the U. S. The first time this big event has ever been possible outside of State Fairs. The horses and costumes appearing in this number are valued at thousands of dollars. This act alone will be well worth driving miles to see.

A \$100,000.00 STOCK SHOW
Farmers are always interested in pure bred stock. Here is the best chance to see one of the best stock shows in this part of the state. An auction sale of registered stock, Friday, Sept. 10, at 10 o'clock.

A Big Treat for all at the Greater Tri-County Fair, Sept. 8-9-10.

LYDIA of the PINES

By HONORE WILLISIE

The author of "Still Jim," "The Heart of the Desert" and other splendid American stories, has outdone all previous efforts in her creation of Lydia, one of the most appealing figures in our distinctively American fiction. A novel to be read eagerly for its plot alone, it contains so much to think about and talk about that no brief description suffices. One must read it to appreciate it. The reading will surely yield a vast amount of pleasure.

Seeking Northwest Passage

Probably the earliest attempt to discover the Northwest passage and incidentally to define the location of the North pole was made by a Portuguese named Corte Real about 1500. In 1585 a company was formed in London called "The Fellowship for the Discovery of the Northwest Passage."

Metal Resists Heat

Tungsten, used for the filaments of electric bulbs, is a rare metal of the chromium group. When pure it is white and pliable. It can stand great heat and melts only at 3,150 degrees Fahrenheit.

HEALTH FOR YOU

Chiropractic gets Results! If this were not true, it would not be celebrating its 32nd birthday this month. It would have been long since discarded and discredited. The public would not tolerate a worthless pretense so long. Have you found out just what Chiropractic can do for YOU? Escanaba and other Northern Michigan cities may intervene in the suit instituted recently by the Detroit Board of Education seeking an injunction to prevent the distribution of five per cent of the primary school fund to the so-called poorer counties. Several other cities may participate in the litigation. Detroit charges the proposed distribution is unconstitutional. The Detroit Board of Education alleges it will be damaged to the amount of \$200,000 if five per cent of the fund is held out for the poorer counties.

Miss Winifred Birnie, 20 years old, and Miss Frances Picchus, 18 years old, who have obtained a four months' leave of absence from the Michigan Bell Telephone Co.'s offices at Grand Rapids, where they are employed, left August 16 on a hike which they hope will take them to California before New Year's day. The trip, they believe, can be speeded by getting offers of friendly motorists along in their direction. They carry their entire luggage in knapsacks strapped over their shoulders.

A new tomato disease has made its appearance in greenhouses of Grand Rapids. Green spots develop on the fruit which never ripens. These spots turn a pale green after the rest of the tomato has taken on a deep red color. The spots are hard, unedible and often streaked with black inside. In some respects the green spots resemble sun scald, but examination shows the defect is distinctly different. Every tomato on some plants is diseased, while in some only the infected vines are spotted.

Concrete pouring on M-21 now has been practically completed. A small portion of the newly constructed road will have to be torn up and relaid because of the center being lower than the sides. The east end of the new road now is being used and after the west portion has stood the required length of time to season it will be opened. The goal aimed at the past few weeks has been to have the entire stretch opened when the Imlay fair opens September 14.

Regents of the University of Michigan received gifts from 100 different institutions and corporations during the fiscal year 1925-6. A list of the gifts, compiled for each year by Dr. F. E. Robbins, president's assistant, shows that the value of the last year's transfers to the university totaled about \$200,000. This is far below the aggregate of the preceding year when the total was close to \$1,000,000, due to the large gift for the Simpson Memorial Institute.

Reduced valuations in upper peninsula mining counties have been recommended by the state tax commission because the industry is at a low ebb and mining may be at an end in a few years unless new processes for using low grade ore are developed. George Lord, chairman of the commission, stated when hearings opened before the state board of equalization at Lansing.

The most disastrous fire to visit Munising in 10 years occurred Aug. 15, when a blaze of undetermined origin swept the Cleveland Cliffs Iron company's saw-mill, causing a loss estimated to exceed \$100,000. A brisk south wind is believed to have been all that prevented the flying sparks from igniting the lumber yard, and subsequently endangering the entire city.

Within the next fortnight the Shore Line Motor Coach Company will have a new bus line in operation between Grand Rapids and Chicago according to a recent announcement. The company is owned in part by the Chicago, South Shore & South Bend railroad, which is a subsidiary of the Midland Utilities company.

The Michigan Association of Cleaners & Dyers held its summer convention at Owosso August 16, with 100 delegates in attendance. Sports followed a picnic luncheon at noon, and in the evening city officials and officers of the association spoke at a banquet for the visitors.

Mrs. James J. Davis, wife of the secretary of labor in the President Coolidge cabinet, has registered at the sanitarium at Battle Creek. She was accompanied by her four daughters. Mr. Davis is making a trip to California accompanied by his son. He expects to join his wife and daughter in about a month.

A warning that the state should not overtax resort property unless it wishes to kill the industry that is building up the northern part of the state was sounded by representatives of Emmet, Clare, Charlevoix and other counties at the hearings at Lansing before the state board of equalization.

The tuber worm, a new pest in the fields of eastern Virginia, promises to open up a new and important outlet for Michigan seed and table potatoes, according to B. O. Hagerman, agricultural agent of the Pennsylvania Railroad, who has returned to Grand Rapids from a tour of the Atlantic Coast potato producing states. Restrictions have been placed on planting potatoes in that state in an effort to control the pest, making these growers dependent on northern states for seed and table potatoes.

NOTICE OF MORTGAGE SALE
Default having been made in the payment of a certain mortgage executed by John Hilt and Elsie Hilt, husband and wife, to Marshall A. Atkinson, which mortgage was dated September 7, 1920, and recorded in the office of the Register of Deeds of Crawford County, Michigan, on July 12, 1926, in favor of Hilt mortgages, there is now due for principal, interest and taxes the sum of \$1,409.03 and attorney fees, and no suit or proceeding having been instituted at law or in equity to recover the debt now claimed to be due on said mortgage or any part thereof, Therefore the said mortgagee has the right to cause a sale of the premises hereinafter described by reason of the power of sale contained in said mortgage, which sale will be at public auction at the front door of the court house in the village of Grayling, Crawford County, Michigan, (that being the place where the Circuit Court for the County of Crawford, Michigan is held), on the 23rd day of October, 1926 at ten o'clock in the forenoon, which premises described in said mortgage are as follows: The west eighty-six feet of the southeast quarter of lot five of block four of Martha M. Brink's addition to the village of Grayling, in the village of Grayling, Crawford County, Michigan.

Dated July 28th, 1926.

Road Guide To State Fair

The above map shows how Michigan trunk line roads come into the Detroit area, and how to reach the State Fair grounds without entering the city's heavy traffic districts. By crossing the Six or Seven-Mile Road to Woodward Avenue, motorists, coming from any direction can reach the grounds easily without going "down town" at all. (Map drawn by State Highway Department.)

Farm Bureau Notes

R. D. Bailey, Co. Agricultural Agent

"Improved agriculture is brought about by fertile brains as well as by fertile fields." —W. C. Smith.

Alfalfa for You

"A patch of alfalfa on every farm." That is our aim. We want you in on this.

We are beginning the game by every man plowing under the field now, growing just weeds; also, by putting extra labor on a piece of corn or potatoes (or both) so they will be in condition for lime this fall.

Next, we are going to get lime in here this fall, about time corn and potatoes are off, and put it right on this prepared ground.

Then, let it be a late spring if it will; we will be all fixed up anyway, to sow our alfalfa right on time next spring, because we did what all good farmers do all the time—exercised some foresight.

Raise It or Buy It

Raise your hay or buy it, just as you like. This is quite a free country. The man who keeps extending his acreage of alfalfa each year is not going to be buying hay very long. He is going to keep that hay money where it belongs—in his pants pocket—not in the other fellow's.

Ten Acres a Year

Put in ten acres a year and you will soon be able to fight the world. A farmer with 40 acres of good alfalfa meadow back of him commands respect. You can't jar him easily. He is thought more of at the bank, and at the store, and on the street.

He cuts this crop twice a year. He feeds more dairy cows, and feeds them better. He has a steady stream of cream checks. His barn is full. You cannot look through the cracks in it all winter.

His land grows more fertile. He prospers for the first time since he sold his timber.

Sing This Song

Sing this song blithely some mornings this fall, while milking, for instance, to the tune of "How Dry I Am."

Alfalfa Ha-a-a-y!

Alfalfa Ha-a-a-y!
I feed my cows alfalfa ha-a-a-y!
It makes my hens
Lay twice a day.
You're the flower of my hear-r-r-r!
Alfalfa Ha-a-a-y!
(Repeat the chorus until the breakfast bells ring.)

It Has the Pep

I said "the pep," not "the pip." When we stop to think that the feed value of timothy, clover and alfalfa rate is as follows: timothy, 3; clover, 7; alfalfa, 11, it is enough to make the owner of even a 20-acre alfalfa field get right up on the top of the ridge pole of his barn, swing his hat and "hooray!"

Which would you prefer—to have the old hen hatch 3 chickens or 11; the old sow have 3 pigs or 11; the cow give 3 quarts or 11?

Then, which will you prefer, timothy rated at 3 for feed, or alfalfa rated at 11?

Nearly Hay and Grain

Alfalfa may be said to be almost equal to timothy hay and grain. All feeders of alfalfa know that they do not need to feed nearly as much alfalfa as of other hay, just as you do not eat as much cheese as bread.

The Worst Kickers Never Used It. Don't let some one who never had any alfalfa tell you a big scare story about the difficulty of plowing alfalfa sod. Thousands of farmers plow up a piece every year on enough to grow a dandy piece of corn or potatoes.

Some fellow who never used alfalfa will say "it is terrible hard on horses' kidneys." Say, what do you suppose they feed the horses on the thousands of farms where they never

grow any hay but alfalfa?

Haycocks and Bran

Everytime you jab your fork into a 100 pound haycock of alfalfa, and throw it onto the hayrack, you have done exactly what you do when you pay out your money to buy a 100 pound bag of bran—got 11 pounds of protein, the great milk-making feed element. Will you buy or raise your protein? A cow, to do her best, must have more protein than many feed, for no cow can make even an excess of carbohydrate feed take the place of the lacking protein. She just quits giving milk each time when the available protein in her system is used up.

Good Proof

At the Illinois experiment station six cows were divided into two lots. Lot No. 1 was fed on alfalfa and Lot No. 2 on bran.

The rations were similar, except that one lot received alfalfa and the other wheat bran.

The total milk production for 18 weeks shows a balance of 375 pounds of milk in favor of alfalfa feed.

Alfalfa and Dry Weather

Any farmer with a pair of eyes knows that alfalfa stands drouth better than clover.

Seed Cheap

Alfalfa seed, for several years, has cost but a little more than seed of June or Mammoth clover.

Stays

Every Crawford county farmer probably knows that the alfalfa on the B. Hanson land, south of the lumber piles in Grayling, had been cut 14 years when plowed up for a golf course. It would have lasted many years longer.

Queer Argument

Don't tell me that you would like to put in some alfalfa all right, but can't afford to. Then go and buy a lot of hay this winter and probably a lot of other winters, spending each winter for hay several times as much as the lime would cost to grow you that much hay.

Gentlemen:

All I can say is: "Cheaper to buy lime than hay." What do you say?

NOTICE OF MORTGAGE SALE

Default having been made in the payment of a certain mortgage executed by Richard Wendt and Malinda Wendt to Frieda Lenartz and William Lenartz, of Grayling, Michigan, which mortgage was recorded in the office of the Register of Deeds of Crawford County, Michigan, on September 11, 1922 in Liber H of Mortgages on page 380. Said mortgage was dated September 11, 1922 and on which mortgage there is now due for principal, interest and taxes the sum of \$1,812.90 and attorney fees, and no suit or proceeding having been instituted at law or in equity to recover the debt now claimed to be due on said mortgage or any part thereof. Therefore the said mortgage will be foreclosed by a sale of the premises hereinafter described by reason of the power of sale contained in said mortgage, which sale will be at public auction at the front door of the Court house in the village of Grayling, Crawford County, Michigan (that being the place where the Circuit Court for the County of Crawford, Michigan is held) on the 18th day of September, 1926 at ten o'clock in the forenoon, which premises described in said mortgage are as follows: the northeast quarter of section twenty-six, town twenty-seven north, range two west Grayling Township, Crawford County, Michigan.

Dated June 23rd, 1926.

NAME BEST ROUTES TO REACH DETROIT

GOOD ROADS AVAILABLE FOR MOTORISTS FROM ANY PART OF STATE

Best road routings to reach the State Fair at Detroit from any section of Michigan have been prepared by the state highway department.

By following these road directions to the point where the routes join the highway system in the Detroit area, motorists from any part of the state will have an easy, comfortable ride to the big exposition, from September 6 to 11.

Special State Fair markers have been installed on the highways to make it still easier for visitors to reach the fair grounds. Arrows have been painted on the pavement in the Detroit district, marking the turns to the fair grounds. Metal signs are also being posted at all turns where a doubt might arise as to the proper route.

Thousands of visitors from all over the state are expected to drive to Detroit for the Fair this year. Ease with which the motorist can avoid the heavy city traffic in getting to the fair grounds, and the generally good condition of state roads combine to make the trip an attractive one.

Definite routes are recommended by the Highway Department as follows:

Northwestern Michigan

From Elmira north follow M-13 to Elmira; M-32 Elmira to Gaylord; M-14 Gaylord to Lansing; M-16 to Detroit.

From Benue, Manistee, Ludington, Pentwater and Shelby, follow M-11 to Grand Haven; M-16 Grand Haven to Detroit.

From Traverse City, Cadillac, Reed City, Big Rapids, Howard City, Baldwin and Newaygo connect with M-16 at Grand Rapids; follow M-16 to Detroit.

Northeastern Michigan

Connect with M-10 at Onaway, Rogers, Alpena, Tawas City, Standish and Bay City and follow through Saginaw, Flint and Pontiac to Detroit, or connect with M-14 at Cheboygan, Gaylord, Grayling, Roscommon and follow to Prudenville; follow M-18 from Prudenville through Gladwin to connect with M-24 west at Midland; follow M-24 through Midland to Saginaw, connect with M-10 at Saginaw and follow to Detroit.

Central Michigan

Connect with M-14 at Clare, Mt. Pleasant, Alma, Ithaca, St. Johns or Mason. Follow M-14 to Lansing; from Lansing follow M-16 to Detroit.

Southern Michigan

Connect with M-23 at White Pigeon, Sturgis, Coldwater, Jonesville, Clinton or Saline and follow to M-10 (Telegraph Road); follow M-10 north to Plymouth Road; follow Plymouth Road east to Emerson Road; follow Emerson Road north to Six Mile Road; follow Six Mile Road east to Woodward avenue, turn left (north) on Woodward Avenue to Fair Grounds.

Southwestern Michigan

Connect with M-17 at Watervliet, Paw Paw, Kalamazoo, Marshall or Albion, and follow to Ann Arbor. At Ann Arbor follow either of the routes to the Fair Grounds as shown on above map.

Western Michigan

Connect with M-16 at Grand Haven or Grand Rapids and follow to Detroit.

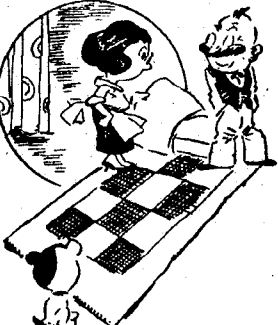

Thumb District

Connect with M-19 at Bad Axe, Sandusky or Port Huron. Follow M-19 to Detroit.

Upper Peninsula

Connect with M-12 and follow to St. Ignace; Ferry from St. Ignace to Mackinac City; follow M-10 to Cheboygan; M-14 to Prudenville; M-18 to Midland; M-24 through Midland to Saginaw and follow to Detroit.

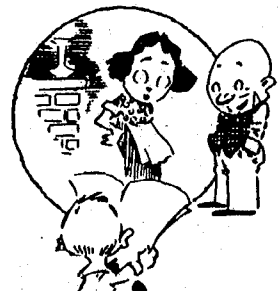

SHE GOT THEM

Hubby—Wife, scientists have discovered dinosaur eggs millions of years old, and are going to put 'em all in the museums.

Wife—Put 'em all in the museums? I bet they sold some of 'em to our butter-and-egg man last week!

FERTILIZING!

Mother—Tommy is giving a great deal of attention to that farm paper you take.

Dad—Yes; and from the way he covers the pages with soils I fully expect something good to grow out of it.

Michigan Happenings

An immense cherry pie, measuring 30 inches in diameter and four inches in depth, weighing 48 pounds and containing 5,000 cherries, was presented to the President and Mrs. Coolidge recently from the cherry growers of the Grand Traverse region of Michigan. The pie was baked in Traverse City, and taken to the President in an automobile by Wallace H. Keep, who was a student at Amherst with Mr. Coolidge, and Hugh Burkhardt, a cherry grower of Michigan.

Fred Hibst, manager of the Michigan Potato Growers' Exchange, in his annual report showed 3,882 cars of potatoes had been marketed during the year for a total return of more than \$4,000,000. This was 21.2 per cent of the total crop of the state, the largest percentage ever handled cooperatively. Ohio, which took 850 cars, was the leading customer. Net pool prices ranged from \$1.76 a hundred weight in September to \$4.78 in April.

Percy Looney, 28, inmate of the Michigan State Prison is dead, and Robert Carter and William Brown are in solitary confinement of the prison are in solitary confinement following a quarrel which took place in a box car at the new state prison. Brown threw a brick from the car to prevent Looney from cutting Carter with a razor, he said. The missile hit Looney in the temple and caused instant death, according to the prison report.

Formal observance of the 100th anniversary of the arrival of Louis Campau, the first white settler at the Grand, at Grand Rapids, will be held September 23 to 26, inclusive. Through a general committee named by Mayor Elvin Swadlow, the city has arranged a four-day celebration, in which hundreds of Grand Rapids citizens will participate actively and which is expected to bring thousands of former residents here.

Despite the masculine appearance and development of capons, they make ideal foster mothers for chickens on the farm, according to Mrs. Garnet B. Thatcher, poultry-woman, of Brooklyn, who has been very successful rearing chickens under big capons. A flock of chickens is perfectly safe so long as it has the protection of a "motherly" capon, Mrs. Thatcher reports.

During the past year there has not been an acquittal in a criminal case in Mason County, the report of Prosecutor K. B. Matthews shows. During the last six months of 1925 there were 148 convictions and during the first six months of 1926 there were 71 arrests and 71 convictions. In the last six months the country realized \$3,449.45 in fines and costs.

The present indebtedness of the city of Sturgis is to be wiped out by 1947, according to a sinking fund plan adopted by the city commission. A second plan providing for a refund of bonds and an extension of payments over a longer period of years was rejected as additional interest would amount to about \$30,000.

Smashing the glass doors in their closed machine which had stalled on the tracks of the Detroit, Monroe & Toledo interurban line in Wyandotte, Stanley Petrozka, 107 Ford avenue, Wyandotte, escaped just as a two-car train crashed into the automobile, tearing it into a mass of unrecognizable steel and wood.

State police are on duty at the Knight farm on M-17 at the Union church on the Goshline road and east of Burlington on M-60 in an effort to check the spread of the corn borer. All automobiles on route west are stopped and searched for corn. If any is found in the cars it is confiscated.

Police recently destroyed 65 cases of beer, a quantity of home brew beer, four stills and seven slot machines on the city dump of Monroe. The stuff had been seized during the past two months and lodged in the police station. A crowd witnessed the destruction of the contraband.

Louis Reiman, head of the Ann Arbor Kiwanis club, was elected president of Michigan Kiwanis clubs in convention at Sault Ste. Marie. Bat the Creek won a spirited contest for the next convention, being opposed by Benton Harbor and St. Joseph.

The tribe of Ben Hur held its annual state convention at Bay City August 20 and 21. Two hundred attended the sessions. A banquet and recreational program are the features.

Arthur O. Foote, of Grand Rapids was charged with trespass, the result of forcing an entrance into a school near Kalamazoo, where he and a group of other campers took shelter for the night. Foote explained that threatening showers caused him to climb through a window and open the door for the others. A school inspector happened along and ordered the tourists out, but they refused, whereupon he called the police.

The rule is that when the other side wins, the question was confused with irrelevant issues; and when your side prevails, it was a solemn referendum.—Detroit News.

Power is one reason for Pontiac Six popularity

Powered by the largest six-cylinder engine used in any car costing less than \$1000, the Pontiac Six exhibits a performance range entirely new in its field. Power to soar up and steadily through mud and sand. More power than any other six at its price—and a

permanent source of power too. Beauty, comfort, economy and roadability—in all these qualities the Pontiac Six represents a decisive departure among low-priced sixes. Yet, on the basis of power in relation to wheelbase, weight and price, it ranks as the one outstanding engineering triumph of the day.

Pontiac Six, Sedan or Coupe, \$825. Oakland Six, companion to Pontiac Six, \$1025. All prices at factory. Easy to pay on the liberal General Motors Time Payment Plan.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

HOME, DAD AND THE BOY

By FRANK H. CHELEY

The Swelled-Headed Dad

IN THE vernacular of boydom, he is the wise-guy and, therefore, hopeless. He needs no information, suggestions or help from anyone on any subject. He was a boy once himself (eons ago) and he knows all the tricks of the trade. He knows boys like a book, but his son has his number!

He is positively, absolutely certain, beyond any shadow of a doubt, that his son is O. K. in every particular; extraordinary, thoroughly well provided for from every angle, and can know no need—for look who his Daddy is!

All boy organizations are entirely superfluous and undesirable. All boy gangs are bad. All boy activity a waste of time and money, and quite unnecessary. Yet it is invariably the son of such a Dad who knows more algebra than his mother, more religion than his father and more worldly wisdom than both of them put together, and when he gets into trouble, instead of going to his "wise" parent, he looks up a real man who is still human, understanding his sympathetic.

He doesn't understand that bulling boys is better than mendling men.

Mr. Curwood is offering a thousand dollar reward for information leading to the conviction of the guilty parties.

The campaign for governor has been on for many weeks and no doubt the voters have long since decided which way they wish to vote. Now all that remains is to vote. While there is no contest in the county offices, the election is so important in regard to the office of governor that every voter should not fail to register his or her choice. Everybody should vote and urge his friends and neighbors to do likewise. Let this election be determined by the choice of the great mass of Michigan voters, and not by only a small percentage of them. At least let Crawford county try and register a hundred per cent vote. Tuesday, September 14th is primary election.

WHICH?

All crossings require the careful attention of motorists whether guarded or not. A train running forty miles an hour has been found to go fifty-nine feet in one second and cannot be brought to a stop in less than a quarter of a mile. An automobile running at twenty-five miles an hour can usually be stopped in less than fifty feet. Which should stop, look and listen at railroad crossings, the train or the automobile?

NEW FAIR BUILDING TELLS FARM STORY
A story of Michigan farm life, covered from all angles, will be told in the exhibits at the new agricultural building on the State Fair Grounds, September 5 to 11.
Final check of the organizations and groups which will exhibit in this newest unit of the State Fair equipment, shows that all leading farm interests of the state will be represented. The result, according to Prof. J. F. Cox of the Michigan State College, who is chairman of the agricultural committee of the fair board, will be the most complete story of Michigan farms ever told in exhibit form.
Among the groups which are completing their exhibits this week are: Michigan Farm Bureau, the Grange, the Gleasons, the Michigan State College, the State Department of Agriculture, the Upper Peninsula, the State Crop Improvement Association, the Canners Association, the Detroit Market Gardeners Association, the Michigan Florists Association, and the agricultural press of the state.
Competitive exhibits in horticulture and crops will also be housed in the building, which is said to be the largest agricultural exhibit building in the world.
